If so, then this President Trivia book is for you. *The Great Book of Crazy President Trivia* is filled with many lesser-known facts about the American Presidents. It is filled with great stories of the US Presidents that you will not find in any US history books.This President Trivia book is going to let you see the Presidents of the past in a whole new light. Learn about their personal lives, the challenges they faced, and their great accomplishments. When you read this trivia book, you are going to learn not only about the Presidents of the US but about the history of the US as well.When we learn about the Presidents, most often we learn about a few of their accomplishments that they had while in office, however, this book is going to show you the good, the bad, and the ugly when it comes to the lives of these men.At the end of each chapter you will find trivia questions and answers that are going to allow you to learn even more about the men that have been in charge of The United States of America. You are going to learn how war not only challenged these men but how it affected who they were. You will see how great decisions were made as well as some that were not so great.In the end, you are going to find that these men were in fact just men who took on a huge responsibility. Some of them were successful

some of them failed miserably but each of them with their own hands, molded the US into what it is today.

Presidents' Secrets Mary Graham,2017-01-01 Ever since the nation's most important secret meeting--the Constitutional Convention--presidents have struggled to balance open, accountable government with necessary secrecy in military affairs and negotiations. For the first one hundred and twenty years, a culture of open government persisted, but new threats and technology have long since shattered the old bargains. Today, presidents neither protect vital information nor provide the open debate Americans expect.

Accidental Presidents Jared Cohen,2020-01-28 This New York Times bestselling “deep dive into the terms of eight former presidents is chock-full of political hijinks—and déjà vu” (Vanity Fair) and provides a fascinating look at the men who came to the office without being elected to it, showing how each affected the nation and world. The strength and prestige of the American presidency has waxed and waned since George Washington. Eight men have succeeded to the presidency when the incumbent died in office. In one way or another they vastly changed our history. Only Theodore Roosevelt would have been elected in his own right. Only TR, Truman, Coolidge, and LBJ were re-elected. John Tyler succeeded William Henry Harrison who died 30 days into his term. He was kicked out of his party and became the first president threatened with impeachment. Millard Fillmore succeeded esteemed General Zachary Taylor. He immediately sacked the entire cabinet and delayed an inevitable Civil War by standing with Henry Clay’s compromise of 1850. Andrew Johnson, who succeeded our greatest president, sided with remnants of the Confederacy in Reconstruction. Chester Arthur, the embodiment of the spoils system, was so reviled as James Garfield’s successor that he had to defend himself against plotting Garfield’s assassination; but he reformed the civil service. Theodore Roosevelt broke up the trusts. Calvin Coolidge silently cooled down the Harding scandals and preserved the White House for the Republican Herbert Hoover and the Great Depression. Harry Truman surprised everybody when he succeeded the great FDR and proved an able and accomplished president. Lyndon B. Johnson was named to deliver Texas electorally. He led the nation forward on Civil Rights but failed on Vietnam. *Accidental Presidents* shows that “history unfolds in death as well as in life” (The Wall Street Journal) and adds immeasurably to our understanding of the power and limits of the American presidency in critical times.

U. S. Presidents Brianna DuMont,2017 What's so weird about U.S. presidents? Plenty! Abraham Lincoln was a great wrestler and Ulysses S. Grant got a speeding ticket riding his horse--twice! Kids are sure to have a blast learning that there's a lot of substance--and weirdness--in every president's past. Full color.l color.

Rage Bob Woodward,2020-09-15 Rage is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of *Fear: Trump in the White House*, has uncovered the precise moment the president was warned that the Covid-19 epidemic

would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump's head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump's mind—the president provides a self-portrait that is part denial and part combative interchange mixed with surprising moments of doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, *Rage* shows how Trump's responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, *Rage* reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. *Rage* draws from hundreds of hours of interviews with firsthand witnesses as well as participants' notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don't worry about it, Bob. Okay?” Trump told the author in July. “Don't worry about it. We'll get to do another book. You'll find I was right.”

Kid Presidents David Stabler,2014-10-28 Hilarious childhood biographies and full-color illustrations show how George Washington, Abraham Lincoln, Teddy Roosevelt, Barack Obama, and other presidents-to-be faced kid-sized problems growing up in America. Every president started out as a kid! Forget the legends, tall tales, and historic achievements—before they were presidents, the future leaders of the United States had regular-kid problems just like you. John F. Kennedy hated his big brother. Lyndon Johnson pulled pranks in class. Barack Obama was bothered by bullies. And Bill Clinton was crazy clumsy (he once broke his leg jumping rope). *Kid Presidents* tells all of their stories and more with full-color cartoon illustrations on every page. History has never been this much fun!
