But Sasha is still young, untested in battle and often led by her rash temper. In the complex world of Lenayin loyalties, her defiant wilfulness is attracting the wrong kind of attention. Lenayin is a land almost divided by its two faiths: the Verenthane of the ruling classes and the pagan Goeren-yai, amongst whom Sasha now lives. The Goeren-yai worship swordplay and honour and begin to see Sasha as the great spirit—the Synnich—who will unite them. But Sasha is still searching for what she believes and must choose her side carefully. When the Udalyn people—the symbol of Goeren-yai pride and courage—are attacked, Sasha will face her moment of testing. How will she act? Is she ready to lead? Can she be the saviour they need her to be?

**Development of the Global Film Industry** Qiao Li, Yanqiu Guan, Hong Lu, 2020-09-01 The global film industry has witnessed significant transformations in the past few years. Regions outside the USA have begun to prosper while non-traditional production companies such as Netflix have assumed a larger market share and online movies adapted from literature have continued to gain in popularity. How have these trends shaped the global film industry? This book answers this question by analyzing an increasingly globalized business through a global lens. Development of the Global Film Industry examines the recent history and current state of the business in all parts of the world. While many existing studies focus on the internal workings of the industry, such as production, distribution and screening, this study takes a big picture view, encompassing the transnational integration of the cultural and entertainment industry as a whole, and pays more attention to the coordinated development of the film industry in the light of influence from literature, television, animation, games and other sectors. This volume is a critical reference for students, scholars and the public to help them understand the major trends facing the global film industry in today's world.

*The Conjugal Dictatorship of Ferdinand and Imelda Marcos* Primitivo Mijares, 2016-01-17 Author's Foreword This book is unfinished. The Filipino people shall finish it for me. I wrote this volume very, very slowly. I could have done with it in three months after my defection from the conjugal dictatorship of Ferdinand and Imelda Marcos on February 20, 1975. Instead, I found myself availing of every excuse to slow it down. A close associate, Marcelino P. Sarmiento, even warned me, Baka mapanis 'yan. (Your book could become stale.) While I availed of almost any excuse not to finish the manuscript of this volume, I felt the tangible voices of a muted people back home in the Philippines beckoning to me from across the vast Pacific Ocean. In whichever way I turned, I was confronted by the distraught images of the Filipino multitudes crying out to me to finish this work, lest the frailty of human memory -- or any incident a la Nalundasan - consign to oblivion the matters I had in mind to form the vital parts of this book. It was as if the Filipino multitudes and history itself were surging in an endless wave presenting a compelling demand on me to San Francisco, California perpetuate the personal knowledge I have gained on the infamous machinations of Ferdinand E. Marcos and his overly ambitious wife, Imelda, that led to a day of infamy in my country, that Black Friday on September 22, 1972, when martial law was declared as a means to establish history's first conjugal dictatorship. The sense of urgency in finishing this work was also goaded by the thought that Marcos does not have eternal life and that the Filipino people are of unimaginable forgiving posture. I thought that, if I did not perpetuate this work for posterity, Marcos might unduly benefit from a Laurelian statement that, when a man dies, the virtues of his past are magnified and his faults are reduced to molehills. This is a book for which so much has been offered and done by Marcos and his minions so that it would never see the light of print. Now that it is off the press, I entertain greater fear that so much more will be done to prevent its circulation, not only in the Philippines but also in the United States. But this work now belongs to history. Let it speak for itself in the context of developments within the coming months or years. Although it finds great relevance in the present life of the Filipinos and of Americans interested in the study of subversion of democratic governments by apparently legal means, this work seeks to find its proper niche in history which must inevitably render its judgment on the seizure of government power from the people by a lame duck Philippine President. If I had finished this work immediately after my defection from the totalitarian regime of Ferdinand and Imelda, or after the vicious campaign of the dictatorship to vilify me in July-August, 1975, then I could have done so only in anger. Anger did influence my production of certain portions of the manuscript. However, as I put the finishing touches to my work, I found myself expurgating it of the personal venom, the virulence and intemperate language of my original draft. Some of the materials that went into this work had been of public knowledge in the Philippines. If I had used them, it

was with the intention of utilizing them as links to heretofore unrevealed facets of the various ruses that Marcos employed to establish his dictatorship. Now, I have kept faith with the Filipino people. I have kept my rendezvous with history. I have, with this work, discharged my obligation to myself, my profession of journalism, my family and my country. I had one other compelling reason for coming out with this work at the great risks of being uprooted from my beloved country, of forced separation from my wife and children and losing their affection, and of losing everything I have in my name in the Philippines - or losing life itself. It is that I wanted to make a public expiation for the little influence that I had . . . (more inside)

McLuhan's Galaxies: Science Fiction Film Aesthetics in Light of Marshall McLuhan's Thought Artur Skweres, 2019-01-17 This groundbreaking book uses observations made by Marshall McLuhan to analyze the aesthetics of science fiction films, treating them as visual metaphors or probes into the new reality dominated by electronic media: - it considers the relations between the senses and sensuality in *Blade Runner*, the visually-tactile character of the film, and the status of replicants as humanity's new clothes; - it analyzes the mixture of Eastern and Western aesthetics in *Star Wars*, analyzing Darth Vader as a combination of the literate and the tribal mindset; - it discusses the failure of visual society presented in the *Terminator* and *Alien* franchises, the rekindling of horror vacui, tribalism, and the desire to obliterate the past as a result of the simultaneity of the acoustic space; - finally, the book discusses the *Matrix* trilogy and *Avatar* as being deeply related in terms of the growing importance of tactility, easternization, tribalization, as well as connectivity and the implosion of human civilization.
