Reading Made Easy with Blend Phonics for First Grade Hazel Loring,Donald Potter,2015-03-05 Reading Made Easy with Blend Phonics for First Grade was first published in 1980 by Hazel Logan Loring, who had taught it for many years in her first grade classes. It features instruction in directional guidance, which helps prevent reversals in reading. It has also proven very valuable in helping older students with reading problems. The accompanying Blend Phonics Fluency Drills were written by Mr. Donald L. Potter to help students to develop high levels of decoding fluency (accuracy and speed). The Fluency Drills have proven particularly valuable in helping struggling readers to overcome the whole-word guessing habit and improve reading efficiency.

How to Use Decodable Books to Teach Reading Pamela Brookes, 2019-09-29 Sixty-five percent of U.S. fourth graders are not proficient readers because their teachers have not been taught how to teach reading using evidence-based methods. Up to 20% of children have dyslexia. Few receive the individualized teaching they need from their schools. To help parents and teachers who want to teach their children using an evidence-based, effective method, Pamela Brookes, the mother of a child with dyslexia, discusses their daily routine as she teaches her daughter to read using the decodable DOG ON A LOG Books series. As the author of DOG ON A LOG Books, Pamela also shares how to choose where in the series to start. She shares how she teaches each of the phonics rules used in the book series along with the reasons for teaching the syllable types and handwriting. Although this booklet is meant to guide parents and teachers using DOG ON A LOG Books, the information can be adapted and applied to any systematic series of decodable books. *How to Use Decodable Books to Teach Reading* is edited by Dr. Nancy Mather, a professor in learning disabilities, reading, and writing to make sure it follows the scientific research on teaching reading. This edition includes information on Steps 1 to 10 of the DOG ON A LOG phonics rules. Additional steps will be added as the future decodable chapter books are created. All DOG ON A LOG Books follow a structured literacy/Orton-Gillingham based phonics sequence. You can download printable gameboards, flashcards, and other literacy materials at www.dogonalogbooks.com.

This backdoor-approach to phonemic skill acquisition is based on current neural research on Learning & the Brain--specifically how our brains actually learn best! The Secret Stories® primary purpose is to equip beginning (or struggling, upper grade) readers and writers, as well as their instructors, with the tools necessary to easily and effectively crack the secret reading and writing codes that lie beyond the alphabet, and effectively out of reach for so many learners! It is not a phonics program! Rather, it simply provides the missing pieces learners need to solve the complex reading puzzle--one that some might never solve otherwise! The Secrets(tm) are sure to become one of the most valuable, well-used, and constantly relied-upon teaching tools in your instructional repertoire!

Consonant Blends Penny Groves, 2002 The sounds of important consonant blends will stay happily fixed in your children's minds as they read these short, funny stories in verse. The author is a teacher with over 25 years of experience in the primary classroom and in educational publishing. In this book, she presents rhymes to read aloud that reinforce correct pronunciation and improve recognition of 15 commonly used consonant blends. For example, after children have sounded out the story and completed the exercises about proud Priscilla's pretzel and prune pie, they will readily remember the look or sound of the pr blend. Children can make booklets to keep for review and practice. The author also provides lesson variations to make expanded use of the stories and exercises in *Consonant Blends*. Book jacket.
