**The Winter's Tale Annotated** William Shakespeare, 2021-05-03 The Winter's Tale is a play by William Shakespeare originally published in the First Folio of 1623. Although it was grouped among the comedies, many modern editors have relabelled the play as one of Shakespeare's late romances. Some critics consider it to be one of Shakespeare's problem plays because the first three acts are filled with intense psychological drama, while the last two acts are comedic and supply a happy ending

**Sonnets** William Shakespeare, 2014-12-16 Among the most enduring poetry of all time, William Shakespeare's 154 sonnets address such eternal themes as love, beauty, honesty, and the passage of time. Written primarily in four-line stanzas and iambic pentameter, Shakespeare's sonnets are now recognized as marking the beginning of modern love poetry. The sonnets have been translated into all major written languages and are frequently used at romantic celebrations. Known as "The Bard of Avon," William Shakespeare is arguably the greatest English-language writer known. Enormously popular during his life, Shakespeare's works continue to resonate more than three centuries after his death, as has his influence on theatre and literature. Shakespeare's innovative use of character, language, and experimentation with romance as tragedy served as a foundation for later playwrights and dramatists, and some of his most famous lines of dialogue have become part of everyday speech. **The Films of John Carpenter** John Kenneth Muir, 2015-09-15 The films of John Carpenter cover a tremendous range and yet all bear his clear personal stamp. From the horrifying (Halloween) to the touching (Starman) to the controversial (The Thing) to the comic (Big Trouble in Little China), his films reflect a unique approach to filmmaking and singular views of humanity and American culture. This analysis of Carpenter's films includes a historical overview of his career, and in-depth entries on each of his films, from 1975's *Dark Star* to 1998's *Vampires*. Complete cast and production information is provided for each. The book also covers those films written and produced by Carpenter, such as *Halloween II* and *Black Moon Rising*, as well as Carpenter's work for television. Appendices are included on films Carpenter was offered but turned down, the slasher films that followed in the wake of the highly-successful *Halloween*, the actors and characters who make repeated appearances in Carpenter's films, and ratings for Carpenter's work. Notes, bibliography, and index are included.

**Making Refuge** Catherine Besteman, 2016-01-22 How do people whose entire way of life has been destroyed and who witnessed horrible abuses against loved ones construct a new future? How do people who have survived the ravages of war and displacement rebuild their lives in a new country when their world has totally changed? In *Making Refuge* Catherine Besteman follows the trajectory of Somali Bantus from their homes in Somalia before the onset in 1991 of Somalia's civil war, to their displacement to Kenyan refugee camps, to their relocation in cities across the United States, to their settlement in the struggling former mill town of Lewiston, Maine. Tracking their experiences as secondary migrants who grapple with the struggles of xenophobia, neoliberalism, and grief, Besteman asks what humanitarianism feels like to those who are its objects and what happens when refugees move in next door. As Lewiston's refugees and locals negotiate coresidence and find that assimilation goes both ways, their story demonstrates the efforts of diverse people to find ways to live together and create community. Besteman's account illuminates the contemporary debates about economic and moral responsibility, security, and community that immigration provokes.

**Lunchtime** ,2015 Charles H. Traub's colourful and spontaneous street portraits were made between 1977 and 1980 on the streets of Chicago, New York, and various European cities. They are direct, intimate and joyous; never exploitive. These remarkable photographs celebrate the whimsy of individuals Traub approached. The photographs place the viewer in a moment of fleeting mutuality between Traub and his subject. Lively pairings drive us from one set of quirks to the next, as we associate one individual with another in a new narrative of the street. I'm struck by how familiar some of the people seem, well actually at once familiar and also very strange... -Penelope Umbrico This book is the first comprehensive publication of these images, which were exhibited in the early 80s at the Frumkin Gallery, Chicago; The Hudson River Museum, New York; and Padiglione D'Arte Contemporanea, Milan.

**Order in the Universe** Robert Cumbow,2002-07-16 An obscure independent filmmaker until Halloween (1978), John Carpenter has been applauded for his classic sense of compositions, yet reviled for his B-film sensibility. This second edition of the first book-length analysis finds in Carpenter's films a vision of a profound but unexpected order in the universe. The author analyzes Carpenter's early independent work, his made-for-television movies, his big Hollywood films (The Fog, Escape from New York, The Thing, Stephen King's Christine, Starman), his more recent independent work (Big Trouble in Little China, Prince of Darkness, They Live), and his contributions to films he did not direct. This edition fully updates the 1990 edition with attention to the films made since that date. With a chronology of Carpenter's career, a detailed filmography, photos, brief plot synopses, and a thorough index, this volume will be treasured by film scholars and fans alike.

It contains a wealth of helpful suggestions, insights and new ideas, exploding old myths and promoting a view that all those involved with autism will find empowering and creative.
