American Like Me America Ferrera,2019-09-03 INSTANT NEW YORK TIMES BESTSELLER From Academy Award-nominated actress and 2023 SeeHer award recipient America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in *American Like Me*, America invites thirty-one of her friends, peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.

All the Women in My Family Sing Deborah Santana,2018 An anthology [of prose and poetry] documenting the experiences of women of color at the dawn of the twenty-first century ... whose topics range from the pressures of being the vice-president of a Fortune 500 Company, to escaping the killing fields of Cambodia, to the struggles inside immigration, identity, romance, and self-worth--Amazon.com.

*New Green World* Josephine Herbst, 2024-01-03 *New Green World*, first published in 1954, is a fascinating look at the life of American naturalist John Bartram (1699-1777) and his explorations across the newly formed United States. At his home near Philadelphia, he established America's first botanical garden, which exists to the present day. The book details his travels and interactions with prominent figures of his day, and his many discoveries and collections of plants unique to the Americas. Author's note from the first edition dust-jacket: I began to be interested in the Bartrams, father and son, because of a flower in my Pennsylvania garden but I stayed with them through *New Green World* because they were so alive, though long dead. Living for more than themselves, they were unafraid of new horizons and so their story breaks through parochial notions of our historical past to reach around the world. Long neglected, the Bartrams broke ground for Audubon, Thoreau and many others. The plants they rescued from the wilderness survive; the vitality of their search speaks to us today.
