Webster's New World College Dictionary Michael E. Agnes, 2003-07 Webster's Fourth has been adopted by many magazines and newspapers as the definitive guide to the English language as spoken in America. Acclaimed for its 7000+ new words reflecting lifestyle changes, technology, and popular culture, the fourth edition contains 163,000 entries, with synonyms, so that it also functions as a thesaurus. Many entries put words into context as a further guide to understanding, and the dictionary includes 850 illustrations and maps and a world atlas. It's an excellent gift for students, and certainly for anyone who wants an up-to-date and easy-to-use reference for good writing and speaking.

A Thesaurus of English Word Roots Horace Gerald Danner, 2014-03-27 Horace G. Danner's A Thesaurus of English Word Roots is a compendium of the most-used word roots of the English language. As Timothy B. Noone notes in his foreword: "Dr. Danner's book allows you not only to build up your passive English vocabulary, resulting in word recognition knowledge, but also gives you the rudiments for developing your active English vocabulary, making it possible to infer the meaning of words

with which you are not yet acquainted. Your knowledge can now expand and will do so exponentially as your awareness of the roots in English words and your corresponding ability to decode unfamiliar words grows apace. This is the beginning of a fine mental linguistic library: so enjoy!" In *A Thesaurus of English Word Roots*, all word roots are listed alphabetically, along with the Greek or Latin words from which they derive, together with the roots' original meanings. If the current meaning of an individual root differs from the original meaning, that is listed in a separate column. In the examples column, the words which contain the root are then listed, starting with their prefixes, for example, dysacusia, hyperacusia. These root-starting terms then are followed by terms where the root falls behind the word, e.g., acouesthesia and acoumeter. These words are followed by words where the root falls in the middle or the end, as in such terms as bradyacusia and odyacusis.. In this manner, *A Thesaurus of English Word Roots* places the word in as many word families as there are elements in the word. This work will interest linguists and philologists and anyone interested in the etymological aspects of English language.

Webster's All-In-One Dictionary & Thesaurus, Second Edition Merriam-Webster,2013-03 Combined alphabetically, offers over sixty thousand dictionary entries and more than one hundred thousand thesaurus entries.

The Awakening and Other Short Stories Kate Chopin, 2018-07-03 *The Awakening & Other Short Stories* By Kate Chopin
The Awakening shocked turn-of-the-century readers with its forthright treatment of sex and suicide. Departing from literary convention, Kate Chopin failed to condemn her heroine's desire for an affair with the son of a Louisiana resort owner, whom she meets on vacation. The power of sensuality, the delusion of ecstatic love, and the solitude that accompanies the trappings of middle- and upper-class life are the themes of this now-classic novel. As Kaye Gibbons points out in her Introduction, Chopin was writing American realism before most Americans could bear to hear that they were living it. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.
