Andre Ngambu

Name It! Claim It! Take It! Dag Heward-Mills,2014-03-06 In this book, the author shows the believer a master key to receiving spiritual, physical, financial and material breakthrough!

The Blood of Jesus Christ Andre Ngambu,2017-06-19 In spiritual warfare, the Blood of Jesus Christ is a very powerful weapon that gives us victory over satan and all his acolytes. It is both an offensive and defensive weapon. We have a lot of authority before satan and his henchmen when we declare that Satan is defeated by the blood of Jesus Christ and to this all his accusations lose power. The Word of God declares: Revelation 12:11 they triumphed over him because of the blood of the Lamb, and because of the word of their testimony, and they did not love their lives until they feared death. We will win this victory only when we decide to live in the certainties gained by the work accomplished at the cross by the Lord Jesus Christ. Therefore, faith must be fully active in our lives. Does your prayer life reflect the kind of relationship you have with God through the blood of His Son? In this manual you will learn how and when to use the blood of Jesus Christ in different circumstances of your daily life in order to find divine protection.

The Story of Redemption Ellen G. White,2002 Is God changeable? Does He have different gospels for different people? The story of redemption takes you behind the scenes in the struggle between God and Satan. It explains how the conflict began, what the issues are, and how the outcome is already assured. It traces the theme of God's relationship with man from the garden of Eden to the return of Christ and beyond.

Le ministère sacerdotal dans la tradition syriaque primitive Tanios Bou Mansour,2019-12-09 Dans Le ministère sacerdotal dans la tradition syriaque primitive, Tanios Bou Mansour présente une analyse du sacerdoce chrétien chez quatre auteurs syriaques, Aphraate, Éphrem, Jacques et Narsaï, en l'éclairant par le sacerdoce du Christ et en le plaçant dans la continuité du sacerdoce de l'Ancien Testament. L'originalité et l'actualité de nos auteurs résident dans leur conception de l'élection, de la succession apostolique, de traits "sacerdotaux" attribués aux femmes dans la Bible, et surtout du prêtre qui, mandaté par l'Eglise, exécute l'action du Christ et de l'Esprit. In Le ministère sacerdotal dans la tradition syriaque primitive, Tanios Bou Mansour analyzes the Christian priesthood in four Syriac writers: Aphraate, Ephrem, Jacob of Sarug and Narsaï. Their conception of priesthood is illuminated by the Priesthood of Christ and contextualized within the continuity of the

priesthood of the Old Testament. These authors' originality and actuality lies in their conception of election, of apostolic succession, of "sacerdotal" traits attributed to women in the Bible, and especially of the priest who, commissioned by the Church, executes the action of the Christ and the Spirit.

The Secret History of the World Jonathan Black,Quercus,2013-05-30 THE INTERNATIONAL BESTSELLER The complete history of the world, from the beginning of time to the present day, based on the beliefs and writings of the secret societies. Jonathan Black examines the end of the world and the coming of the Antichrist. Or is the Antichrist already here? How will he make himself known and what will become of the world when he does? Will it be the end of Time? Having studied theology and learnt from initiates of all the great secret societies of the world, Jonathan Black has learned that it is possible to reach an altered state of consciousness in which we can see things about the way the world works that hidden from our everyday commonsensical consciousness. This history shows that by using secret techniques, people such as Leonardo da Vinci, Isaac Newton and George Washington have worked themselves into this altered state - and have been able to access supernatural levels of intelligence. This book will leave you questioning every aspect of your life and spotting hidden messages in the very fabric of society and in life itself. It will open your mind to a new way of living and leave you questioning everything you have been taught - and everything you've taught your children.

The Mysteries of Prayer DAVID JEAN ALAIN MUTAMBA,2011-08-03 The apostles asked Jesus to teach them how to pray like John had taught his disciples. We all think we know already how to pray; therefore, teaching about prayer is not necessary. Everyone knows how to pray! Why would there still be a need to teach us how to pray? Well, there is indeed a need to be instructed how to. Prayer seems a simple thing to do, but actually, it is one of the most complex things to do. It is a science. If we are not aware of the laws of prayer, God does not answer, nothing happens, and all become quite complicated. The capacity to pray along with knowledge is what we have that is most precious. You may not have a vast knowledge, you may not know all the secrets of the Bible; however, there is at least one thing that you can do, and that is to pray. Now if prayer is the first gift you have received, then take precious care of this gift. You must take good care of it because it has the capacity to save you in times of trouble. This book will change your approach toward prayer and will introduce you in an era of answered prayers like never before if you apply these instructions. In this book, you will realize how heaven can be so near to us. A book for all the lovers of prayer!

The Pursuit of Holiness Jerry Bridges,2016 This new edition replaces both *The Pursuit of Holiness* (ISBN 9781576839324) and the study guide (ISBN 9781576839881) by combining both resources into one volume *Be holy, for I am*

holy, commands God. But holiness is something that is often missed in the Christian's daily life. According to Navigator author Jerry Bridges, that's because we're not exactly sure what our part in holiness is. In *The Pursuit of Holiness*, he helps us see clearly just what we should rely on God to do--and what we should take responsibility for ourselves. As you deepen your relationship with God, learn more about His character, and understand the Holy Spirit's role in holiness, your spiritual growth will mature. The included study guide contains 12 lessons.

The Cathedral Joris-Karl Huysmans, 1922 *The Cathedral* (French: *La Cathédrale*) (1898) is a novel by the French writer Joris-Karl Huysmans. It is the third of Huysmans' books to feature the character Durtal, a thinly disguised portrait of the author. He had already featured the character of Durtal in *Là-bas* and *En route*, which recounted his conversion to Catholicism. *La Cathédrale* continues the story. After his retreat at a Trappist monastery, Durtal moves to the city of Chartres, renowned for its cathedral. Huysmans describes the building in great detail -- Wikipedia.

Talismano Abdelwahab Meddeb, 2011-05-03 *Talismano* is a novelistic exploration of writing seen as a hallucinatory journey through half-remembered, half-imagined cities—in particular, the city of Tunis, both as it is now, and as it once was. Walking and writing, journey and journal, mirror one another to produce a calligraphic, magical work: a palimpsest of various languages and cultures, highlighting Abdelwahab Meddeb's beguiling mastery of both the Western and Islamic traditions. Meddeb's journey is first and foremost a sensual one, almost decadent, where the narrator luxuriates in the Tunis of his memories and intercuts these impressions with recollections of other cities at other times, reviving the mythical figures of Arab-Islamic legend that have faded from memory in a rapidly westernizing North Africa. A fever dream situated on the knife-edge between competing cultures, *Talismano* is a testament to the power of language to evoke, and subdue, experience.

[Elementary Treatise on Practical Magic](#) (Gérard Encausse) Papus, 2017-12-12 Papus' 1893 book on Magic was the first to

bring together all the Grimoires into one book, and provide a clear path of study to perform the Solomonic Rites. He brings his scientific mind to argue that experimentation in the astral is just as important as scientific inquiry, as he takes us on a fascinating journey through late 19th Century France.
